

**CONSENT**

Consent on participating in the research "Dance at Play - Bringing together Children, Movement and Play in the Context of Artistic Research and Dialogical Dance Pedagogy".

I have read and understood the "Information and Privacy Notice" document I have been given and I have received enough information on the research. I have understood that all material and information gathered during the research are purely meant for research purposes. I have understood that it is voluntary to take part in the research and I can, at any point, announce that I no longer wish to participate in the research.

Consent to gathering of data (photos, videos, audio recordings, drawings, and other written materials) Please choose one of the two options:

- I consent to gathering materials and publishing materials.  
 I consent to gathering materials only for the researcher's own use.

I have understood that during the research, the researcher and the participants will create artistic material together (such as dances and drawings). The participants might have the copyrights on them. Please choose one of the following options:

- I, the copyright holder, consent to using my work/performance in the research publication. I want to be named as the maker of my work/performance.  
 I, the copyright holder, consent to using my work/performance in the research publication. I want my work/performance to be published without my name.

I have received enough information on data processing on the "Information and Privacy Notice for Research Participants" document, I have had an opportunity to get some answers to my questions, I have understood the information I have been given, and I consent to processing of my personal data.
